Agenda item	Start	End	Speaker
Welcome and introduction	9:00	9:20	NF Wire Forum
Powering the energy transition – cable demand from renewables	9:20	10:00	Aisling Huber (CRU)
Sustainability along the copper wire production chain	10:00	10:15	Michael Sander (Kupferverband e. V.)
Coffee break	10:15	11:00	
Sustainability and life cycle assessment in the wire production	11:00	11:35	Dr. Ladji Tikana (Kupferverband e. V.)
Sustainability@Aurubis – benefits for our customers	11:35	12:10	Dr. Cornel Abratis (Aurubis AG)
Lunch	12:10	13:40	
Metals for Clean Energy: Solving Europe's raw materials challenge	13:40	14:10	Chris Heron (Eurometaux)
Efficiency and sustainability with drawing dies in the wire drawing process	14:10	14:45	Michael Biller (BALLOFFET GmbH)
Coffee break	14:45	15:15	
Development of modern drawing lubricants within sustainability aspects	15:15	15:50	Christopher Folland (Carl Bechem GmbH)
Sustainability in mechanical engineering and energy-efficient machines for the wire and cable industry	15:50	16:25	Stephan Gorgels (Maschinenfabrik NIEHOFF GmbH&Co.KG)
Outlook and good bye	16:25		NF Wire Forum

Presenter: Tanja Winter (Aurubis AG), Harry Hofmann (Carl Bechem GmbH)
